REPORT OF SCHOOL BOARD

In presenting our annual report, as prescribed by law, we are glad to say that we think our schools for the year have as a whole been very successful.

We have endeavored to obtain experienced teachers, keeping those we found most successful if possible.

We have employed the past year twenty-one different teachers and have had thirty-four terms of school.

We notice the same lack of interest on the of parents complained of in preceding reports.

It should be a matter of shame that of the 538 visitors recorded in the registers, the names of only 78 parents appear.

We think their presence in the school room, at least once each term, would do much to encourage both teacher and scholar, and we again urge upon every parent the importance of visiting the schools and judging for themselves what is being done for the welfare of the pupils.

We find the names of 118 children on the roll of honor, 27 for two terms and 16 for three terms.

We also find 3855 instances of half-day absences and 385 instances of being tardy. We believe a large share of this could be avoided.

Nine of the school houses in the district have been painted the past year, adding much to their outside appearance.

Now let us all, parents, committee and pupils, unite in keeping Lyme in its place among the first in Grafton County in regard to the length and character of its schools.

Respectfully Submitted.
